## Sportsmen's Meetings Hold The Spotlight . . .

### Golf Club Have Improvements In Mind

The annual meeting of the Didsbury Men's Golf Club was held in the town office on Monday night, with Mr. Alf Allen, president, in the chair. New officers for 1958 were elected. The new officers are Mr. Alf Allen, president; J. Tugge, vice-president, and Jim Millar, treasurer, as secretary-treasurer.

The following committees were then appointed:

Membership: J. Wordie, S. Moore, L. Slipp.

Greens: R. Eubank, R. Bankie, J. Riddoch, B. Moon.

Tournament: F. Evans, J. McFarquhar, J. Millar.

Social: L. Bertsch, J. Currie, L. Slipp.

Dues for the season were set at: \$20.00 for a family membership, \$15 for a single male, \$7.50 for a single lady, and \$2.50 for students.

Discussion took place on a plan to plant trees on the course to define the fairways. It was decided that only the west side of the butte be tackled first. Jay Tugge and the grounds committee are to be in charge of this operation.

Mrs. Alf Allen joined the meeting and arrangements will be made for tournament committees to be set up. It was moved that the president and secretary contact the Coca Cola company with a view to having a dispenser installed in the club house. Plans were made to have the water that lies around the old hole pumped out. Jim Folkmann was appointed caretaker.

Mr. J. Wordie will be in charge of a committee to board up the old club house in the winter and all equipment will be stored there.

There will be some rule changes in evidence when the new score cards come to the society. It was decided to invite golfers from Calgary to become members of the local club.

It was made very definite that all dues must be paid by May 15; those who have failed to register at the pay office by May 31 will be ineligible for competition. Green fees: \$1.00.

Some like the golfing fraternity could be in for a good season — but remember, your financial and managerial efforts will be needed to make it possible.

### No Decision Made On Artificial Ice

At a regular meeting of the Didsbury Fish and Game Association on Monday evening, the rules for the annual Fish Derby were drawn up. Prizes were increased in value and quantity. It is also hoped that the association will offer several prizes donated for the derby this year.

A special event is scheduled for the budding young fishermen. Three prizes will be offered for the largest suckers caught. The only rule is that the person catching it is under 16 years of age. He does not have to be a member of the association.

The other fish rules are that the person weighing in the fish must be a member of the association for at least one week before. The fish may be caught anywhere in Alberta between April 1st and October 31st of the year. Prizes are being offered for Rainbow, Brown, Brook and other species of trout; Rocky Mountain, Whitefish, Pike and Pickerel, and Perch, who have a separate class.

A note to the young people: The crow and magpie campaign has started again this year. Jay Tugge will again be taking in the fees for the local association.

The artificial lake project came for a vote, but until such time as the association can meet with other interested groups, it was decided to table the matter until such time as a meeting can be arranged with the Didsbury Board of Trade and others who have shown interest in the project.

**Curling Club To Check On Artificial Ice Plan**

At the annual meeting of the Didsbury Curling Club held on Tuesday night, Mr. Dick Kimmel was installed as the new president; 1st vice-president is Irvin Klein; 2nd vice-president, Ed Watkin. F. Evans will continue as secretary-treasurer. The membership committee is composed of J. Wordie and C. Sorenson.

Mr. J. Sorenson and Mr. Bruce Shantz were appointed to look into the cost of an artificial ice plant, one that would accommodate four sheets of ice. A report from this committee is expected in the near future.

### Local Cubs Enjoy Easter Tour

No. 1 Didsbury Cub Pack had its annual Easter tour on Wednesday, April 9th. This time it was in Red Deer and the boys, with their leaders, Joyce Mullen and Fred Redway, toured the Alpha Milk plant, the Red Deer Bottling Works and the Fire Hall.

Thirty-two Cubs made the trip and they also collected the trophy which they had won at the Red Deer Ice Stampede. This will be on display in Bertsch's store later this month.

### Two Pioneers Laid To Rest

#### Reuben W. Rodney

Rueben William Rodney, 52, died at his home near Didsbury, Friday, April 11th.

Born in Washington, he had lived in the Didsbury district since 1910, and was a member of the Redeemer Lutheran Church, where services were held for him Tuesday, April 11th, at 2 p.m. Rev. E. B. Fox officiated. Interment took place in the Didsbury cemetery.

Mr. Rodney was survived by his wife Madelaine; two sons, Edward with the RCAF at Penticton, and Douglas at home; four daughters, Mrs. Murray Gale, Calgary and Grace, Rita, and Judy at home; and two brothers, Erwen, Lander B.C. and George of Didsbury.

#### Philip G. Holmqvist

Philip Gifford Holmqvist died at his home in Didsbury on Thursday, April 10th. Born in Antioch, Kan., he had lived in Didsbury district since 1909.

He is survived by his wife, Alice; two daughters, Mrs. Charles Tapscott, Cremona, and Mrs. Stewart McLean, Didsbury; a son, Kenneth, Calgary; and grand-children. Services were held in Westcott United Church, Saturday April 12th at 2 p.m., with A.W. Magee officiating.

#### South West Didsbury

(From Our Own Correspondent)

Mr. and Mrs. Lynn Hunsperger and family and Mr. and Mrs. Ken Woods and family were Sunday dinner guests of Mr. and Mrs. Glen Jackson and family.

The Birthday Group will meet Tuesday, April 22nd at the home of Mr. and Mrs. H. W. Folkmann.

Miss Katherine Folkmann and a group who have been on tour in B.C. were Sunday dinner guests of Mr. and Mrs. H. W. Folkmann.

—

#### REV. J. J. TOWERS TO SPEAK AT KNOX UNITED

The Marine Mission Work of the United Church of Canada will be illustrated by slides following the evening service on April 20th. The speaker will be Rev. J. J. Towers of the Old Union Church, who will speak on his personal experiences as a marine missionary operating one of the United Church boats on the west coast. The area served was between the north end of Vancouver Island and Prince Rupert.

The slides show the beautiful coastal scenery in the long inlets where the mountains rise from the sea. The granite hills, the pine forests and the areas served by this mission boat, "The Thomas Crosby IV", also serving logging camps and the great new communities of Kemano and Kitimat. Slides of a special trip into Alaska to the Christian community of Metlakatla will also be shown.

#### TODAY'S CHUCKLE . . .

The wife wanted her husband to bring home another mouse-trap.

"What's the matter with the one I brought yesterday?" he asked.

Said his wife: "It's full!"

## Home & School To Elect New Officers

The April meeting of the Didsbury Home and School Association was held in the school auditorium on Monday evening. A slate of officers for the next term was presented; this list may be added to at the next meeting, prior to election and installation of the new officers.

Mrs. E. T. Wiggin was appointed as a delegate to represent the local association at the Home & School convention in Edmonton on May 7 to 9.

The association will cater to two banquets, the annual A.T.A. gathering on May 1st and the graduation banquet on May 31st. This year the A.T.A. will not cater to a tea on the 31st.

Rev. and Mrs. Taylor and Mr. and Mrs. Wall presented an impromptu skit, which was very enjoyable and brought forth many a good laugh. Following this, the ones on hand were divided into four groups for a buzz session, dealing with problems pertaining to students and parents. The parents seemed very interested in the possible solutions, concerned but there seemed to be some doubt about the students arguing with these solutions.

The next meeting will be held on May 12, and since this will be the last business meeting of the present term, a large attendance would be appreciated.

## FALLEN TIMBER

(From Our Own Correspondent)

Some roads in the district have been impassable during the spring thaw but it is hoped the maintainer will be along soon to alleviate the situation.

Mr. Pat McGaffin of Edmonton and the Misses Erna and Joyce Rosted of Breton, spent the weekend at the home of Mr. and Mrs. Joe McGaffin.

Lynn, Kathy and Joe Fyten spent several days recently at the home of Mr. and Mrs. H. Steen.

Mr. and Mrs. Bert Kin, and Terry, and Mr. and Mrs. F. Adams and Lorna, were Easter Sunday visitors at the home of Mr. and Mrs. E. Adams.

We are sorry to hear that Mary Joan Fyten has had a bout with pneumonia.

Miss Eda Bruns spent a few days visiting Creston.

Mr. and Mrs. McGaffin, Mr. Pat McGaffin and Miss Erna Rosted were Calgary visitors last week.

Mr. and Mrs. J. Howton and family, and Monty Moore, were recent visitors at the home of Mr. and Mrs. G. Admussen.

Monty Moore of Calgary spent the Easter holidays with his cousin, Danny Howton.

Miss Patsy Morrison spent the Easter holidays with her parents, Mr. and Mrs. Stan Morrison.

The April meeting of the Busy Bees was held at the home of Mrs. K. Teynor. Due to the condition of the roads, the attendance was not as great as usual.

## LOCAL FOURSOME WIN LEGION CURLING TROPHY

Cliff Sorenson on the tee head, assisted by Fred Evans, Calvin Shannon and Art Gooding, won the trophy at the Canadian Legion provincial curling playoffs held in Calgary last Friday.

The local crew came out on top in the competition that included more than 30 other rinks from various points in the province.

## Scouts and Cubs Hold Annual Banquet

Covers were set for 200 at the third annual dinner of the Mountain View District Scout and Cub Association, held in the Didsbury Legion auditorium on Friday evening. The auditorium does not permit a list of the numerous in attendance at the big event, but there was a goodly number of them.

Following the banquet parents and guests witnessed a very impressive Cub investiture, "going-up" ceremony and an investiture of Scout leaders.

Mr. Rick Clarke spoke on Scouting and used as his topic, "What Is It?" He congratulated the Didsbury No. 1 Cub Pack on their winning of the trophy at the Red Deer Ice Stampede and presented the trophy to the team managers, Trev Morgan and Fred Rowdy.

A musical program, an exhibition of boxing, and the showing of the 1957 Legionaire films concluded the evening's entertainment.

Mr. Alf Allen, as master of ceremonies thanked all those who were responsible for the very successful and enjoyable evening.

At the last regular meeting the playground committee gave a report on activities in that corner of the club. The variety concert committee reported and also gave out tickets. These tickets have to be sold by the next meeting date, April 21st.

Tickets were also handed out for the Stampede Queen contest; all Kinsmen and most business places in town have these tickets. Each ticket is 25 votes for Sharon.

It should be noted by all Kinsmen that meetings fall on the 1st and 3rd Mondays of each month.

All Kinsmen should circulate the date, May 2nd — which is the first anniversary of the Didsbury Kinsmen Club.

**Ramblin'****and****Roamin'****Just For The Record . . .**

A "do-it-yourself" campaign by a number of the merchants on "our avenue" one day last week has done much to alleviate the unsightly, practically knee-deep mud that has been gracing the south side of the street since the big thaw set in. Their efforts should definitely hasten the drying up job by many days and traffic, on foot or by car, will be much more pleasant. Next stop — that nicely paved road.

**Sounds Good — But Yes!**

With rumors flying in all directions concerning the installation of an artificial ice plant, an artificial lake and improvements to the golf course, we've come to the conclusion that this time it isn't just loose talk; we certainly hope not. Another signal seems to have hit the airwaves — why not have roller skating in the arena during the off season; why not plant a bowling alley over there too. What could be better than a properly supervised spot like this for recreational purposes. 'Twould be a fine thing for young and old alike!

**Goes With The Job . . .**

While running a newspaper a person has to expect, sometimes really enjoys, the barbs thrown in their direction. However, the arrows that hurt are the ones that land short of our front door, the ones that don't bounce directly into the office — we pick these kind up via the ever reliable grape-vine. And this time around we'll pass an unfriendly nod to the kind lady who one day last week made a passing remark, far from our portals, that we were half asleep most of the time, we can only suggest that she count the number of letters, not words, in our wee paper in any given issue; if you come up with too many mistakes that we have missed we'll hire you as a proof-reader. Of course, your duties will also include deciphering all copy, editing it (sweeping the floor in between times), folding and catching the mail on time, answering the phone and, oh yes, the hours stretch from 7 a.m. to 6 p.m. You'll have time to be half asleep from 12 to 1, except on press day when this fringe privilege is not permitted.

**Another Quote . . .**

After all is said and it's usually the wife who has said it and the husband who has done it.

**DOCTOR'S DILEMMA . . .**

While in the hospital for a birth of a son, a lady shared a room with a young mother whose doctor was very reserved and businesslike. On one of his visits, trying to make conversation, she said: "Doctor, they certainly keep you busy, don't they?"

"Yes," he said quietly, without looking up from his notes. "I have too many men working for me."

**Guest Editorial**

A Good Stunt . . . If He Can Make It Stick ! ! !

One is amazed by the craftiness of the Russian leaders. Here comes this man Khrushchev just after his country has completed an exhaustive series of H-bomb tests and asks the world to join him in outlawing further tests. How long must we be patient in awaiting the inevitable exchanges which appears to the uninformed as logical? The Russians have never yet accepted any compromise, only under pressure, yet they expect other powers to dance to their music whenever and wherever the tune is called. What surprises us is the groups that organize themselves to follow the Russian doctrine, never stopping to consider the ultimate consequences. On the face of it, the scheme follows very much the Hitler plan. He frightened his weaker neighbors into submission. When the Hitler bubble burst those who had been duped found them selves exposed as dupes by their fellow men. Suicide and execution was the price paid. Will Russia continue the pressure till some opposing power can withstand it no longer and explode an H-bomb?

**Scare Headlines Don't Help Education**

We are not among the throng who shout down any merits in our present educational system. Education, like most other things, is not static. What serves best today may fall short tomorrow. In other words, we do not feel that we are suffering from and "erotic in education". We admit there is something wrong when a profession that once the pride of most young men is now frowned upon. Several causes have been advanced, including low wages paid to the teachers, and even now when most teachers are getting fairly high salaries and short hours, there is no appeal. We have our own opinion as to the cause and it is not very popular with the teaching profession. We think the Hon. A. O. Aalborg hit the nail on the head when he addressed the C.T.A. in Calgary early this week. "The use of the profession, he as much as told them that they were wasting too much time crying in their beer.

**THE DIESEL FIREMAN DISPUTE ON CANADIAN PACIFIC**

TWO YEARS AGO, in April 1956 the Firemen's Union demanded wage increases and other benefits involving substantial increased costs.

AT THE SAME TIME Canadian Pacific proposed that, as firemen were not necessary, they should no longer be carried on diesel locomotives in freight and yard service.

CANADIAN PACIFIC also proposed dropping both arbitrary wage payments for which no service was rendered and differential wage rates in mountain territory.

IN DECEMBER 1956 a Federal Board of Conciliation recommended substantial wage increases and other benefits. At the same time, it found that firemen were not required on diesel locomotives in freight and yard service and made provision for protection of their employment. It also found that payment of arbitraries and mountain differential should be modified.

CANADIAN PACIFIC accepted the Conciliation Board's report.

THE FIREMEN'S UNION rejected the report and called a strike on January 2, 1957.

THE STRIKE WAS ENDED on January 11, 1957 on the following basis:—

1. Canadian Pacific agreed to pay the substantial wage increases retroactive to April 1 of the previous year and other benefits recommended by the Conciliation Board.
2. The Union and Canadian Pacific agreed to refer the DIESEL ISSUE as well as payment of arbitraries and mountain differential to a ROYAL COMMISSION.
3. The Union and Canadian Pacific agreed to negotiate these issues in the light of and immediately following the publication of the ROYAL COMMISSION'S Report.

THE KELLOCK ROYAL COMMISSION of three senior judges devoted ten months to hearing 119 witnesses and, at the request of the Firemen's Union, made on-the-ground investigations across Canada and also made observations on four major European railway systems. It was the most extensive and thorough investigation in the history of labour relations in Canada.

IN ITS UNANIMOUS REPORT published February 4, 1958 the ROYAL COMMISSION found that:—

1. Firemen are not required on diesel locomotives in freight and yard service on Canadian Pacific either for safety or any other reason.
2. The proposal of Canadian Pacific for protecting firemen from loss of employment and seniority is fair and generous.
3. Arbitraries have become unrealistic and should be dropped and payment made on the basis of service rendered.
4. Mountain differential payments should be dropped and replaced by valley differential.

CANADIAN PACIFIC accepted the report of the KELLOCK ROYAL COMMISSION as it had undertaken to do when the Commission was appointed.

THE UNION rejected the report, stating that nothing in it was acceptable to them. They did so knowing that not one fireman would suffer loss of railway employment who was hired before the proposal to discontinue firemen on freight and yard diesels was made in April, 1956. All across Canada there are less than 100 firemen hired after that date and now working who face possible lay-off.

ALL EFFORTS of Canadian Pacific to settle the dispute through negotiations with the Firemen's Union have failed.

FOR TWO YEARS firemen have enjoyed substantial wage increases. During these two years action on the diesel issue has been postponed while the Union had every contention it could advance investigated by two enquiries.

CANADIAN PACIFIC has a duty to the public to operate the railway efficiently and economically.

CANADIAN PACIFIC, to fulfill this duty, has given notice to the Firemen's Union that the findings of the KELLOCK

ROYAL COMMISSION will take effect on May 11, 1958.

THIS ACTION is in accordance with Federal labour law.

THE  
Homemaker

By HELEN HOWARD  
District Home Economist

## Dear Homemakers:

With the nice spring weather, perhaps you're in the mood for sewing. Here are some sewing tips.

## Testing For Shrinkage

Measure and mark it off (12") along the selvage edge with a ruler and pencil. Wet the edges and iron dry. Measure again. If the marked point moves less than 12 inches pre-shrink and re-iron.

## Straightening Material

If your material does not shrink it may still need to be straightened. If the material is not torn across the end, draw a crosswise thread and then cut along this thread. When the material is folded in half lengthwise the ends should be together. It may be necessary to re-press the centre fold to get the material straight.

## Pre-shrinking

Cotton, linen, silk rayons: Leave the material folded, then place in a larger pan or bathtub, completely cover material with cool water. Soak at least thirty minutes. Squirt water over to do not wring. Hang the material over a straight rod or top of door. Straighten the material so that the ends are even. (Check to see that the material is torn across the ends or cut straight with the weave of the material). If pressing is necessary, run the iron parallel to the selvage and not across the material.

## Wool

Dry cleaners will usually pre-shrink your wool material for you. Home method: Wrap out a sheet in water. Spread the wool out on the wet sheet and roll both up to get moisture out. Hang it up for several hours until the material is quite damp. Press on the wrong side with light pressure being careful to run the iron parallel to the selvage. Do not stretch the material as you press. Do not fold the material until thoroughly dry.

## CHRISTIAN SCIENCE

The spiritual relationship of God will be brought out at Christian Science services Sunday in the Lesson-Service entitled "Doctrine of Action."

Scriptural selections to be read include the following from John (17:10, 20, 31): "These words spoke Jesus, and lifted up his eyes to heaven, and said, Father, the hour is come; glorify the Son, that thy Son also may glorify thee: . . . Neither pray I for these alone, but for them also which shall believe on me through their word; That they all may be one; that thyself art in me, and I in thee, that they also may be one in us; that the world may believe that thou hast sent me."

Reading from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include the following (336: 25-26): "God, the divine Principle of man, and man in God's likeness are inseparable, harmonious, and eternal."

Services on the first, second and fourth Sundays at 12 Noon. 1st Sunday — Holy Communion

TREE PAINTING: The spring of the year brings thoughts of new life, new prospects and new hope. Along with this, many people are making new plans to plant trees around their farmsteads and along roadsides as shelterbelts.

To those of you who have ordered your trees for planting this year, there are some words of advice I would like to give you. Your trees will be coming directly to you via C.P.R. Express to your nearest shipping point. You will be advised of their arrival a few days in advance by mail. It will be your responsibility to pick up these bundles of trees and take care of them until they can be planted.

If you are one of a small one you may want to plant the trees by hand. Also if it is replacements you will have to plant them, but definitely, by hand. Many of you will want to have us plant them for you with our tree planter. This we will arrange to do if you will contact me so that I can put your name on the list along with the others. There will again be a small charge for the tree planting service.

These bundles should be taken to your place and do as follows: Keep them in a cool, shaded place and keep the roots well moistened. Unless it is possible to plant them within a few days of their arrival, you should open the bundles and "tree" them in a cool, shaded place. Dig a trench deep enough to accommodate the roots and set them in, packing around around the roots and keeping them well moistened.

The trees will likely start to come from the nurseries within the next week or two.

DIDSBUY W.I. HEAR  
REPORT OF CONFERENCE

The Didsbury W.I. met at the home of Mrs. Pieper on April 18, with 16 members present. Rod call was answered with a exchange of slips and seeds. Mrs. McKay gave an interesting report of the annual conference held in Calgary.

Mrs. McDonald gave a report on the executive meeting which was held in the rest room. She also made mention of the articles that are to be taken to the handcraft tent. Mrs. Weller will sell the articles at the Unitarian Service in Calgary. A quilt top, which he had put together himself, was donated to the W.I. by Bob Klein.

Mrs. Blain gave the five-minute talk and Mrs. Eisler the "bit of fun." Mrs. Reinhardt gave a paper on the United Nations.

Members were asked to bring a face cloth for the hospital to the next meeting, which will be held at Mrs. McDonald's on May 6th.

During the week Rev. Weppeler was a speaker in chapel, telling about the work in Africa in the Tanganyika territory. He showed pictures at the school and in the church.

The senior class with its sponsor, President Taylor, and his wife, were guests at the home of Mr. and Mrs. Ken Sherick on Friday evening.

On Sunday Mr. and Mrs. Ormond Sherick entertained for dinner, Mrs. M. Kagey, Miss Helen Swalm and Miss Gladys Eby.

President and Mrs. Taylor entertained the Lyda Smith family at dinner on Sunday. The latter family have recently moved to town from Alberta. The latter family number of the college girls left on Sunday.

Several of the college family attended the graduation exercises of Berean College, Calgary, on Friday evening. This was held in the Jubilee auditorium.

The college commands the Didsbury Central School for the splendid appearance they made last Thursday evening in the school auditorium. The selections were rendered in a very pleasing manner. Some of the audience even jumped at Mr. Robertson's "Whoof."

We ask our friends to remember the closing exercises of the college, and to feel that all are most welcome to attend any of the services.

Those of special interest to the public will be the Baccalaureate service Sunday afternoon at 2:30 p.m., when Rev. R. Cheeseman will be guest speaker; also Commencement on Monday evening at 8 p.m. when the speaker will be Rev. Willard Taylor, president of Canadian Nazarene College, Red Deer.

Leonard DeWitt, who won second place in the Holliness sermon award, delivered his sermon in the Didsbury United Missionary Church on Sunday morning. Arnold Dietz, who won the first award, gave his in the Mountain View United Missionary Church on Sunday. Their awards, along with the winners in the Job, Sunday school awards and the Harold E. Oke service award, will be presented at Commencement. Rev. Bob Simpson is also giving an award to winners in papers on some phase of missionary activity this year.

We have heard recently that both David Archer and Edward Oke received "Commendation" awards in their first year at Earlham College, Indiana. Earl Reimer also has his name in "Who's Who" in American Colleges.

**OVERSHOT HIS MARK ! ! !**

The bull had caught the hired man halfway across the pasture and chased him into a tree. After being rescued, the hired man was saying: "Just as I felt his horns on the seat of my pants I leaped for a low hanging branch - about 20ft off the ground . . ."

"Did you make it?" someone asked.

"Not on the way up," the hired man replied, "but fortunately I grabbed it coming down."

**Notes From D.A.****By Howard J. Fischer**

One of the best guardians against erosion of our land by wind or water is a protective covering. The trash cover (residue of previous crop) should not be burned after the winter protection has been provided. This trash cover should be kept near the surface and can be readily incorporated into the soil and will continue to protect the soil from erosion. This residue will break down and as it decomposes it makes available plant food for the growing crops.

Do not burn the stubble and straw in the spring. This procedure eliminates the protection from erosion and destroys the trash which builds up the organic matter which will provide plant food. In addition the intake of organic material is greatly increased by the organic matter; this factor is important in preventing water holes developing.

There are a number of problems with handling of a heavy trash cover, to incorporate it, it must be well spread and carefully handled with the farm equipment. Often after the incorporation of large amounts of trash the dressings yield will result in poor yields. The lush green color in the growing crops. This caused by a lack of nitrogen in the growing crops at the time this straw is breaking down, after the straw is decomposed there is more nitrogen than if no straw had been incorporated.

Use all measures possible to incorporate this trash, the burning it off is a short sighted measure, as the problem of trash incorporation the following years to burn is more difficult because of the lack of organic and bacterial life.

**ZELLA NEWS NOTES****[From Our Own Correspondent]**

Because of road conditions, the Easter service at Zella were cancelled. However, Sunday, April 13, services were held, carrying the Easter theme. The Sunday school year opened on April 13, and Miss Sheila Smith, presented two choir numbers, a solo, a duet and a reading. During the service, Danny Neil, son of Mr. and Mrs. John Hansen, and Steven Kelly, son of Mr. and Mrs. Vic Johnson, and Sandra Lee, infant daughter of Mr. and Mrs. H. Braun, received the sacrament of Baptism.

Please note: The Didsbury Choral Society has cancelled its program which was scheduled for Hartmann hall on April 14th.

Mr. A. Oppen returned home Saturday after spending a few days in Olds hospital. He will return in a week's time to undergo surgery. Master Keith Waldroff was a recent patient in the Didsbury hospital; he returned home last Tuesday.

With the passing of Mrs. Emma Jahnke, this community has lost another of its pioneer residents. Deepest sympathy is extended to the bereaved families. A memorial to Mrs. Jahnke will be given to the Didsbury hospital.

**EAST NOTES****[From Our Own Correspondent]**

Mr. and Mrs. Donald Thompson and Mr. and Mrs. Phil Spragg on Easter Sunday.

Mr. and Mrs. P. Schumaker and Mr. and Mrs. Raymond Schumaker and Wayne, accompanied by Mr. and Mrs. Phil Andrews, were Easter Sunday dinner guests of Mr. and Mrs. Don Andrews.

Congratulations to the newlyweds Mr. and Mrs. Bill Fox (Jean Elliott).

**LIGHT YOUR WAY . . .****... WITH BIBLE STUDY**

What did St. Paul mean, when he wrote to Timothy: "From a child thou hast known the Holy Scriptures, which are able to make thee wise unto salvation through faith which is in Christ Jesus."

Paul here speaks of the purpose of the Bible. It is like a huge sign-board directing us to the Way that leads to heaven. And that Way is Christ.

We all are acquainted with sign-boards along the highways; in fact, we have such a sign-board at the Didsbury junction on the highway, leading to our fair town of Didsbury.

Supposing you came to that sign one day, and there saw a fellow sitting on top of that sign-board. You would of course stop and ask him: "Friend, what are you doing up there?" What would you think of him if he then would answer: "Why, I am going to Didsbury. Can't you read? Doesn't the sign-board say: Didsbury?"

Yes, I can see you formulate the word: "Ridiculous!" Is it? Some people are, as it were, "sitting on the Bible, imagining they will get to heaven. The Bible is there to show us the way, but we must use it. Are you using it?
